

Hedgehog pen and pencil holder

It is OK to hold pens and pencils in some nice chipped coffee cup, or even in a small vase, but for children this will just not do, to keep their numerous pencils in one place, but this beautiful animal shaped pen and pencil holder for sure will. Decorate this solid wooden pencil holder with bright, pleasing colors, add eyes and your child will be so thrilled, that maybe you will replace that coffee cup on your desk with your own hedgehog holder. Of course, this pencil holder can be an excellent gift for someone with a home office, and for a student of some art college too.

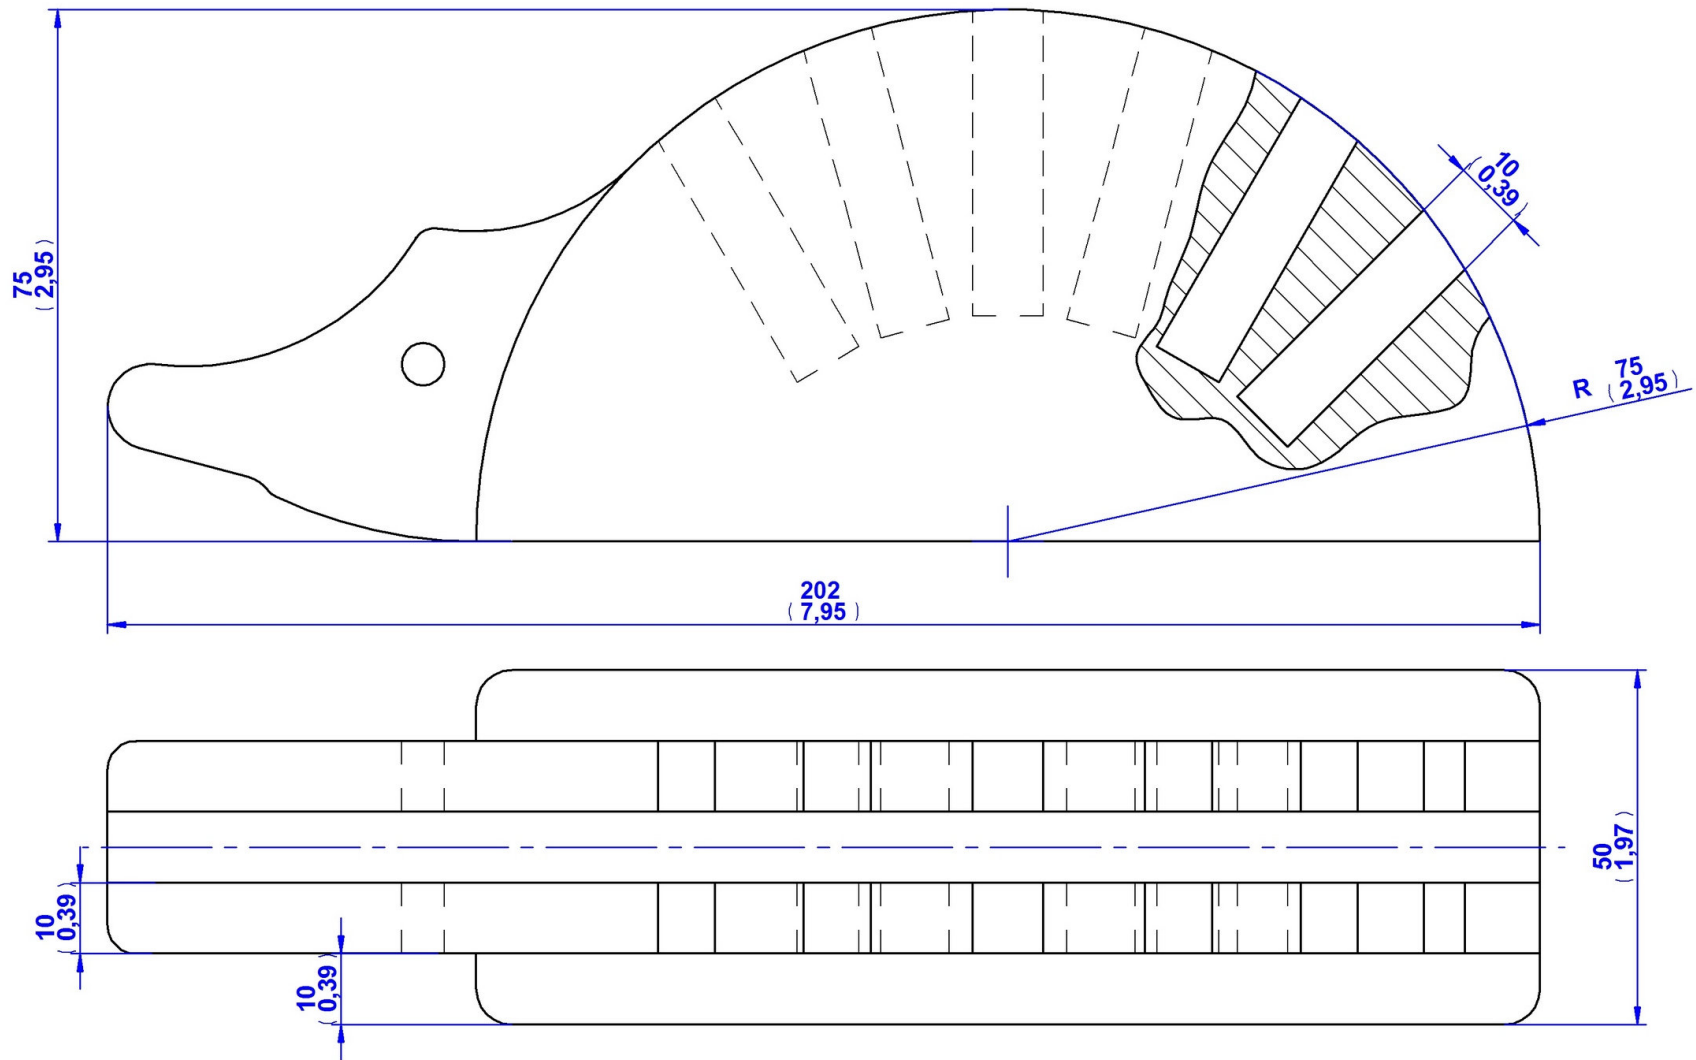

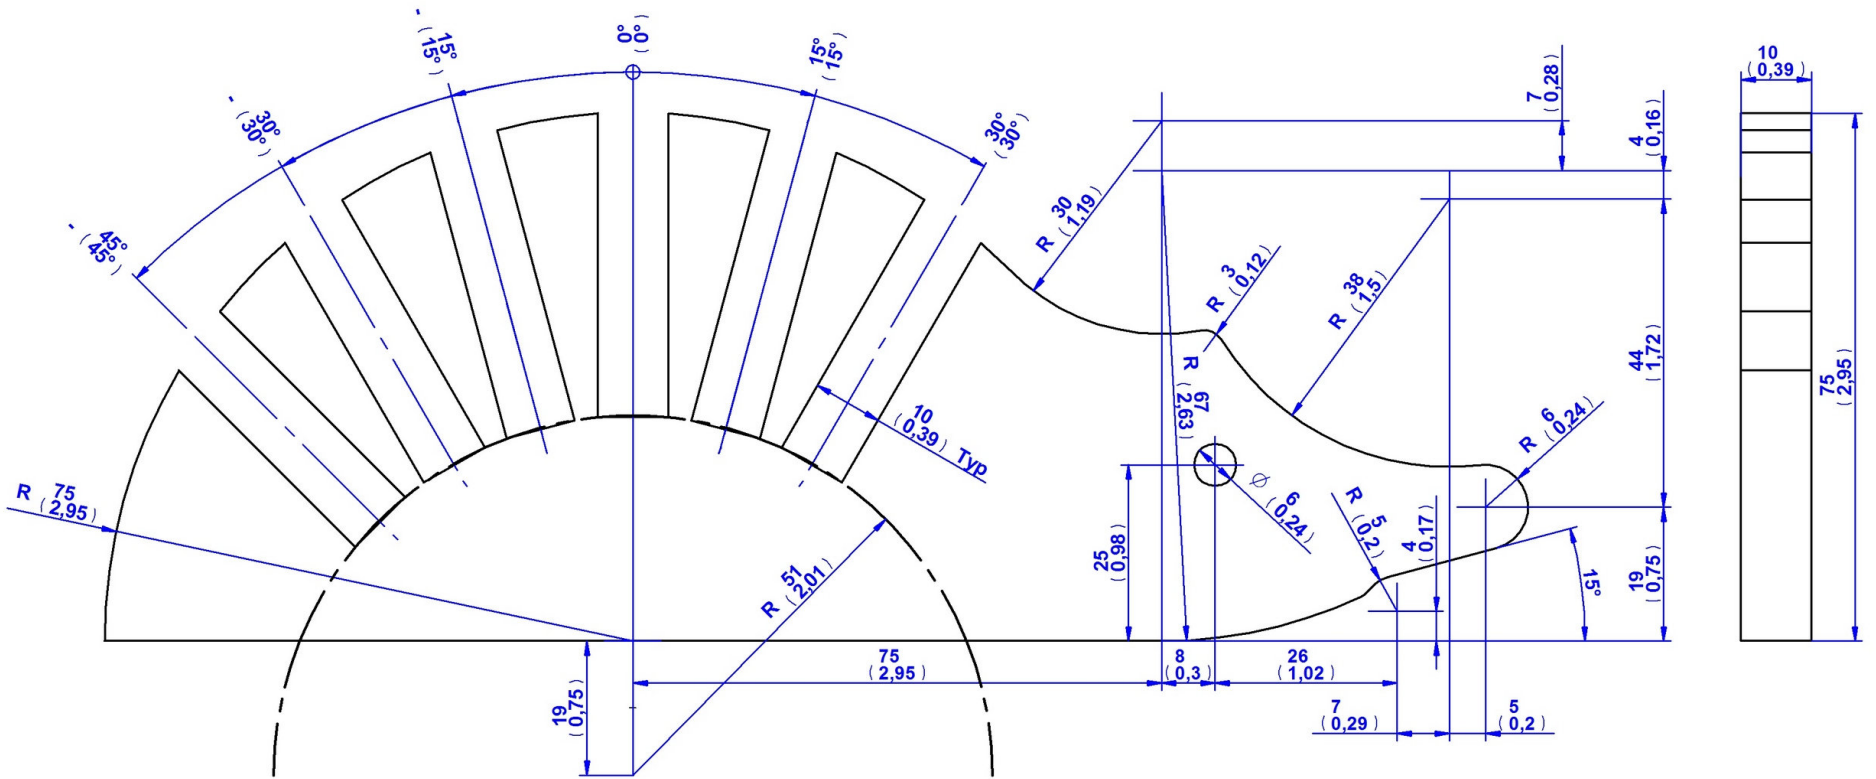

Hedgehog pen and pencil holder – Parts list

Item Number	Title	Material	Quantity
